## **COADSYS - SAFE EXAM APPLICATION FOR STUDENTS**

The system must be registered at [coadsys.yeditepe.edu.tr](http://coadsys.yeditepe.edu.tr). This can be done with the e-mail address and password of “std.yeditepe.edu.tr” in the OBS system in the field of my personal information. If this information is not available, support should be obtained from the secretariat of the faculty or student affairs.

**Students**  
You are only allowed to use your student email account to log into Coadsys. In order to login you should click "Öğrenci Girişi" button on the website. If you don't remember your email account name or password you should contact your faculty secretary.

**Academic Personnel**  
In order to login to Coadsys you should enter your Yeditepe email username (without @yeditepe.edu.tr) and password credentials in corresponded fields on the login panel.

**Figure 1: Registration to the system**

The course that the exam will take place is in the system. Some courses require a password to register. In order to avoid problems at the time of the exam, you must first register for the course (Picture 2). It is recommended to reach the lessons via individual titles instead of the search button (Picture 3).
